

Diagram illustrating the dimensions and offsets for a rectangular frame structure. The overall width is 7, and the overall height is 10. The frame is defined by a dark blue outer boundary. The inner structure is defined by red vertical lines and green horizontal lines. The horizontal offset from the left and right edges to the inner red lines is $1\frac{1}{2}$. The vertical offset from the top and bottom edges to the inner green lines is 2. The inner green lines are separated by a distance of $\frac{1}{2}$.
